

Bicycles Only Junior High Students are allowed to file a registration form from their parents granting them permission to bring bicycles to school. A bicycle lock is a must. Students may not carry passengers on their bikes. As well, students may not ride their bicycles during the noon hour or at recess. For safety reasons, students are not allowed to ride their bikes after school until a staff supervisor has given them permission to proceed. We ask that all students stay away from the bike racks during the day. Helmets are mandatory.
