## FULTONVALE JUNIOR HIGH 2025 - 26 GRADE 9 OPTION REGISTRATION

### Grade 9 Option Course Descriptions & Fees

#### **Art 9**

##### **Semester Course (\$21 Fee)**

Students will explore art materials, the processes, and ideas around creating and appreciating art. Mediums such as pastels, paint, printmaking, and clay sculpture will be explored. Students will study art from different cultures around the world and gain the basic subject vocabulary.

#### **CTF: Construction Technologies 9**

##### **Semester Course (\$42 Fee)**

Dive deeper into projects. Research, design and build fun and unique projects of **your** choosing, using new and higher quality products.

#### **CTF: Design Studies 9**

##### **Semester Course (\$20 Fee)**

Design focuses on the process of design from conception, to planning to creation. Students will have the opportunity to create with numerous media, with a focus on digital creation. This course will also investigate how the concept of “design” plays a significant role in society. Projects may include creating bridges, stickers, clothing items, architectural design, graphic design and more.

#### **Drama 9**

##### **Semester Course (No Fee)**

The drama program fosters a positive self-concept in students by encouraging them to explore life through the assumption of roles and the acquisition of dramatic skills. The focus is on student creativity and participation in the major disciplines of movement, speech, improvisation, theatre studies, and technical theatre. We will work together to create a supportive environment in which students can develop a heightened level of comfort performing for their classmates. Most importantly, we will have fun!

## FULTONVALE JUNIOR HIGH 2025 - 26 GRADE 9 OPTION REGISTRATION

### **Film Production 9 (\$31 Fee)**

#### **Semester Course**

Film studies will provide a general introduction to the art and history of the cinema with focus on genres and styles found in the past and present. As students' progress through the course the objective is to foster development of the student as a creator, performer, historian, critic, and patron. The self-development and socialization of the student are extended by developing an appreciation for the cinema as a traditional art form.

Students will gain knowledge through lectures, film labs, projects and discussions will focus on the process of filmmaking as an art form; studies of great directors and film artists; studies of selected film genres; studies of film techniques and styles; the creation and critique of short films.

### **CTF: Fitness & Wellness 9**

#### **Semester Course (\$40 Fee)**

Healthy minds and bodies are necessary so that we may be creative students and citizens of the 21st century. Students will be developing their fitness plan which will be tailored to their personal goals. The plan will include stretching, agility, strength development, and overall fitness. In conjunction with their personalized fitness plan, each student will create a personalized nutrition plan designed to meet their specific nutritional needs. Students will learn the key elements required to become and remain healthy and productive. Proper nutrition, stress reduction, time management, and the importance of making informed, responsible and healthy decisions will be emphasized.

### **CTF: Foods 9**

#### **Semester Course (\$107 Fee)**

Iron Chef is a fun course where students get to explore, inquire, and create as they tackle teacher driven challenges. Students will research recipes, create grocery lists for their chosen recipes. Some challenges include Canada, You Gotta Eat Here, Food Truck Wars, Gingerbread House competition, Party Extravaganza and many more. So, if you are ready to be a culinary explorer, this class is for you!

### **French as a Second Language 9**

#### **Semester (\$40 Fee)**

As citizens of a bilingual country, it is our responsibility to learn to communicate with a certain amount of proficiency in French. Come join our FSL classes to discover what it is like to read, write, speak and listen in a second language. We will learn several elements of the language and we will complete fun projects revolving around the unit topics of sports, community, housing, and four holidays and celebrations.

***Students must have completed French 8.***

***French 9 a prerequisite for French 10.***

## **FULTONVALE JUNIOR HIGH 2025 - 26 GRADE 9 OPTION REGISTRATION**

### **CTF: Leadership 9**

#### **Semester Course (No Fee)**

Students will learn skills to develop and enhance their leadership capacity. Students will be required to commit to adopting a leadership role within the school and community. This will include team leader responsibilities in areas such as student interest groups, yearbook involvement, event/activity planning and implementation, recycling, humanitarian involvement, promotions, mentoring, school spirit, intramurals, and more.

### **CTF: Recreational Fitness 9**

#### **Semester Course (\$115 Fee)**

The focus of this course will be the individual fitness needs of the student. With the assistance from the teacher. Students will set goals designed to help them improve their sport and/or activity performance as well as overall body health and fitness. This course welcomes all students who are interested in achieving a higher level of fitness through recreation and activities.

### **CTF: Robotics 9**

#### **Semester Course (\$23 Fee)**

Using the Lego Spike Prime sets and software, students will apply the basics of coding to design, assemble and program robots as they respond to different challenges. Students will interact with robots, build their own models, and share them with classmates. Students will develop skills and gain an understanding of how automation and coding work together to influence industry and the workforce. If interested, students will compete in FIRST Lego League competitions as part of the Firebird Robotics Team.
